VOLUME II No. 4

Refugee family arrives today

The refugee group sponsored by the Minden-Coboconk Refugee Committee is expected to arrive in this community later today. The committee received word Tuesday morning that the group would arrive in Toronto Wednesday afternoon.

According to immigration officials, the five individuals arrived in Winnipeg Saturday. This is a staging area for the incoming refugees where they receive their initial medical attention and begin the long process of becoming acclimatized to the country.

While details of the family unit is still sketchy, the committee is aware that the group consists of a wife and husband, their teenage son, and two nephews who are also teenagers. The husband is a mechanic and one of the teenagers has worked as a watch maker.

The committee has made arrangements to house the family group temporarily in a cottage in the Coboconk area. They will be transferred to the Minden area December 1 after final details have been made for the renting of a home in the vicinity of this community.

The imminent arrival of the refugees culminates several months of preparation which began this summer. Area churches, stretching from

Carnarvon to Coboconk, joined in an ecumenical undertaking to sponsor a refugee family. The committee has been making plans for their arrival since then, and had been told earlier this month that it could be up to four months before a family is assigned to their sponsorship. The committee is headed by Reverend Douglas Miller of the Minden United Church.

Second century

Surrounded by his family and friends Charlie Fader celebrated his one hundredth birthday Thursday at Extencare in Haliburton. On hand to take part in the celebration marking his second century were, from the left, great-great-granddaughter Tanya Castle, granddaughter Elaine Barjarow, granddaughter Sheila Griffin, great-grandson Jerry Griffin, great-granddaughter Kathy Castle, daughter-in-law Winnie Fader and great-great-granddaughter Keri Castle. The staff and other residents of the home joined Mr. Fader in marking the special occasion.

Council upset by delays

Members of Anson, Hindon and Minden Township Council are pressing for the completion of a feasibility study which must proceed the construction of a new library in this community.

The members of council expressed their desire to get the project underway at a meeting held November 14. The study is necessary before Wintario funds, and possibly other government funding, will be made available for the project.

Reeve Sinclair Nesbitt said he felt the new library should be under construction by the spring. He pointed out that the federal government recently indicated that federal funds, through winter works programs, may be available and the municipality should be ready to take advantage of this.

Dr. A. Jamieson, a member of the library board, appeared before council to request that a number of paintings from the Andre Lapine collection, held by the municipality, be removed to Toronto for assessment. The paintings and a number of other objects are part of a collection that will be on display in any new art gallery. The assessment of their value will be required for the completion of a feasibility study. The council granted the permission.

In other library business, the council was informed that no resident of the municipality is a member of the County Library Board. The township has been without a representative for the past three years. A request was made that the council bring the matter to the attention of the county

council in hopes of having a resident appointed.

The council also decided to have funds collected at the library for fees and fines placed in the building fund account.

Permission granted for snowmobile trails

The Anson, Hindon and Minden Township council has granted permission to the Haliburton County Snowmobile Association to brush out

a number of trails along municipality roads. The permission was granted, in response to a written request, at the November 14 meeting

of the council.

The association will be required to obtain permission for their trails from the adjacent property owners

when cultivated trees and shrubs are to be trimmed back.

The areas in question are described as follows:

- Horseshoe Lake Roads numbers one and two in the area of lot 10, concession 7 and 8, both ways from the steel bridge at Mirror Lake.

- Dennison Road east from Horseshoe Lake Road number 2 along the north side of the road in the area already brushed out by Ontario Hydro.

- a portion of McArthur Road from near Ivan Miscio's residence east to the junction of Duck Lake Road.

Club gets OK

The Ontario Ministry of Labour has approved the use of the Minden Curling Club for the coming season. The use of the building had been placed in doubt earlier this year when a structural assessment revealed the clubhouse could only carry a limited snow load.

Under the direction of the ministry, certain renovations were carried out to the structure. The snow load on the roof must be monitored throughout the winter season and use of the building curtailed when the load reaches a certain maximum.

The improvements made to the structure means, according to the Ministry of Labour standards, that the building can carry a maximum snow load of five pounds per square foot.

New bank

Toronto Dominion bank manager Al Mayo, pointing, discusses progress at the new Minden bank as a piece of equipment is unloaded from a truck. The manager says he expects the new facility to be open for business in late January. Most of the exterior work is now completed and workmen are concentrating on the interior work.

FROM THE CHAMBER

By Bob Stinson

Recently you have seen, we expect, some of the advertisements placed by the Canadian Government encouraging people to buy Canadian. This, of course, is an attempt to help correct the deficit in the country's balance of payments which has been a major effect on our economy.

Haliburton County has a deficit in our balance of payments also. During the peak tourist season the balance is heavily in our favour, but this time of year the economy is rapidly draining in the other direction. We of course are not self sufficient, and cannot avoid having much of this money flow out of the county, but where there is a choice, we should do our part of offset the deficit.

If we make a concerted effort to do the bulk of our Christmas shopping right here we are helping the local economy and in turn ourselves. Not only is there an excellent assortment of Christmas gifts available in local stores, but taking it a step further, there is even a good selection of locally manufactured items available from our ever-increasing local craft industry. Your friends and relatives will appreciate a gift that comes from the Highlands.

Further along the 45th

We often get letters from students in various parts of Canada and the U.S., but last week we received one that we found particularly interesting. Warm Springs, Oregon, like ourselves sits exactly half way between the equator and the north pole on the 45th parallel. We will be sending them some information on the Haliburton area but it occurred to us that if this interesting letter were reprinted here, some of you may wish to drop them a line. Here's the letter:

Dear Neighbor:

We live on the 45th parallel in Oregon. We all go to school at the Simnasho Grade School. We have first, second, third and fourth grades all in one classroom. We have 13 students in our class, one teacher, one Indian language teacher/teacher's aide, one cook and one bus driver.

We like to exercise, (we are going to have a 2nd annual 14.5 mile mini-marathon in March) do our school work and have 4-H after school.

We are writing to communities located on the 45th parallel. We hope to find out about your town, jobs, weather, schools, nationalities, religions, and country-side.

Simnasho is on the Warm Springs Indian Reservation. About 25 people live in

Simnasho. Many of us ride the bus over 25 miles to school. Our teacher lives next door to the school. Our parents work at a lumber mill in the town of Warm Springs, at the Kah-Nee-Ta Resort Lodge, at the grocery store in Warm Springs (Macy's Store and Post Office), and for the Warm Springs Confederated Tribes.

Our weather changes a lot. Sometimes it is sunny and hot (100 degrees F plus) and sometimes it is cold (-20 degrees F). Last year we had 3 feet of snow for a while.

Some of us are tribal members and some of us are not. We all live on the Reservation. The Reservation covers over 600,000 acres of land. Some of the land is rocky, some is forest, some is flat, and some is mountainous. We live close to Mt. Hood and Mt. Jefferson.

We would like you to send us some information about you and your community. Maybe you could also give this letter to a nearby school. We hope to start writing to people our own ages. Thank you.

Simnasho School
Warm Springs, Oregon,

New tourism funding

The Ontario Government is launching an additional Tourist loan program aimed at helping tourist operators upgrade their present facilities and add new ones. In addition to the present loans available through the Ontario Development Program the plan provides guarantees for loans obtained through private lenders and a 5% subsidy to the interest rate for the first 5 years. The subsidy then decreases by 1% per year. This 18 million dollar program, it is hoped, will help provide the industry with the much improved facilities that visitors are demanding.

Charges to be re-laid

The municipality of Anson, Hindon and Minden will proceed with charges against the owner of the Rockcliffe Hotel for allowing excessive noise at the establishment.

Two charges laid earlier this year, and heard in court November 6, were rejected by the judge on a technicality.

The municipality's by-law enforcement officer indicated that the individuals who originally complained about the noise want the township to proceed with the charges. There is no indication of when the charges will be brought to court again.

Charges follow accident

A charge of driving while his licence was suspended and operating a motor vehicle without proper insurance has been laid against a Little Britain man. The charges arose out of a single car accident November 16.

Kevin B. Dykstra, 20, was travelling west on Highway 121 east of Minden when his 1973 model car skidded on a curve and entered the south ditch. The vehicle came to rest on its side.

Police estimate the damage to the car at \$1800.

The mishap was investigated by Constable Reg Eveleigh.

\$1000 damage

A single car accident on the Reynolds Road, off Horse-shoe Lake Road number 1, resulted in \$1000 damage to a 1973 model car.

David R. Arbuthnot, 18, of Minden was travelling south when the vehicle skidded on a

curve, entered the west ditch and came to rest spanning a small creek. The mishap took place on the evening of November 16.

OPP Constable Brian Dunham was in charge of the investigation.

Minor injuries

A Haliburton man was taken to the Red Cross Hospital in that community following an accident November 17. Carl Parkard, 24, was treated for minor injuries and released from the hospital following the mishap.

He was the driver of a vehicle which was travelling west on Highway 530 near Highway 519. The vehicle entered the south ditch, struck some rocks and rolled over. Damage was estimated at \$3600.

The investigation was handled by Constable Gary Chapman.

Supervisor named

Robert Luke has been named the new supervisor of the ambulance service located in Minden. The appointment was announced at the November 14 meeting of the Anson, Hindon and Minden Township council.

Luke had been employed by the local service as the assistant supervisor.

The new supervisor will be required to complete a six month probationary period before the appointment becomes official.

With his appointment to the position of supervisor, the

municipality has now started advertising for an assistant to fill the vacant post.

New store for Minden

Minden may soon have a new business in the downtown area.

Inquiries have been received from Tom Gough and Hugh Gibson of McKellar, near Parry Sound about building a retail glass outlet on the vacant lot adjacent to the present library. Anson, Hindon and Minden township council gave its approval November 14 to the issuing of a building permit for the structure.

A permit has yet to be issued, but according to the information presented at the council meeting, the building would be a steel frame construction with aluminum siding.

It is believed the company would be involved in the sale and possibly the installation of glass for windows and other uses.

Strikes trees and stairs

A single car accident November 17 resulted in \$3000 damage and minor injuries to the driver. The vehicle, driven by Philip

vehicle then spun around, hitting a staircase leading up an embankment, and came to rest after striking a second tree.

The man was taken to Minden hospital for treatment of minor injuries.

Damage to the stairs was estimated at \$70.

OPP Constable Mike Legge investigated the accident.

New officers for Kinmount society

Margaret Telford

The annual meeting of the Kinmount & District Horticultural Society was held in the Kinmount Community Hall on Wednesday November 15. The meeting was chaired by David Longford, president, and he was assisted by Mr. Leonard Shea of Lindsay who is president of District 4 of the Ontario Horticultural Society.

Mr. Longford explained that he and his wife, who is secretary treasurer of the

society, will be moving out of the area in the spring, and would therefore be resigning at the end of the year.

The new slate of officers is as follows: President - Mrs. Mary Hartin; Vice President - Mr. Arnold Schroter; Second Vice President - Mrs. Clara Watson. Directors elected were: Mrs. Marguerite Scarlett; Mrs. Harold Scarlett; Mrs. Norma Hamilton; Mrs. Violet Schroter; and Mrs. Penny Hartin. Directors on their second year are: Mrs. (continued on page 3)

Legion marks day in Kinmount

Remembrance Day services were marked November 11 in Kinmount in ceremonies organized by Branch 441 of the Royal Canadian Legion.

Members of the Legion and the Ladies Auxiliary, headed by Comrade Arnold Schroter, marched from the Legion building to the cenotaph located on Main Street. Those who wished to join in the service, but who were unable to march, met the group at the cenotaph.

Alan Brown, President, opened the meeting, and then called on Mr. Bill Scott, our Federal Member of Parlia-

ment to speak to the assembly. He was followed by Reeve Maurice Watson of Somerville Township, and Reeve Carl Brickman of Galway-Cavendish. Comrade Brown then welcomed the more than fifty men, women and children who had assembled to listen and take part in the service.

Comrade Norman Silver read the roll call of Kinmount people who sacrificed their lives in two world wars. This was followed by the playing of "The Last Post", and the ritual two minute silence for remembering. Afterwards

came the "Reveille", and then twenty-one wreaths and crosses were presented.

Donors included the Province of Ontario, Townships of Somerville, Galway-Cavendish, Snowdon and Lutterworth. There was a wreath given by various Kinmount citizens, and many from the local merchants. The people of Kinmount were generous with their contributions to this fund which provides not only assistance for local veterans and their relatives when in need, but

also, through the purchase of wreaths and poppies from the Ontario Central Command, gives help to Senior Citizens Housing, Welfare Assistance, Medical Research, Care Centres, Legion Service Bureau, and Sunnybrook Hospital Chronic Care Pavilion.

The meeting closed with an invitation from Comrade Brown to attend the service in St. James Anglican Church. After church, everyone was invited back to the Legion for lunch served by the Ladies Auxiliary.

Officers

(from page 2)

Florence Schlosser; Mr. Guy Scott; Mrs. Aileen Brown and Mrs. Margaret Hockley. The fifth director, Mrs. Hartin - now president, will be replaced within the next few days. The secretary treasurer will be appointed from among the executive at a later date.

The meeting was followed by a card party. Prize-winners were Mrs. Flo Schlosser, Mr. Charly Molyneux, Mr. J. Howden, Mrs. Ruby Schell, and Mr. Norman Bamford.

Office Improvements get OK

Anson, Hindon and Minden Townships council approved the letting of two contracts for repair and renovations to the township offices. The group met in regular session Wednesday November 14.

The township has hired Gino Ziorjen to paint the

interior of the municipal building. The work will involve both levels in the building and means a new coat of paint throughout.

The council also accepted a bid from Don Campbell Construction of Minden for renovations to the offices on the main floor of the structure. Plans are to have the offices of the township clerk and by-law enforcement officer moved closer to the front door. This will eliminate the necessity of having visitors

walk through the work area of the other members of the staff.

The work is to be completed by December 15.

The council also approved the hiring of Reginald Welch for the cleaning of the municipal building and the public washrooms located in the firehall. The project will involve a thorough top-to-bottom cleaning of the municipal building, then regular upkeep throughout the year.

REPORT FROM QUEEN'S PARK

By John Eakins, M.P.P.

Last Thursday evening I took part in the debates in the Legislature on an acid rain report, and I will have more details in the next week or so.

In the meantime, Huron-Bruce MPP Murray Gaunt told a committee of the Legislature that his constituents are up in arms over the efforts of the ministry of Natural Resources to stock Lake Huron with splake, a cross between speckled trout and lake trout. "Natives are restless", he told the Minister. "The Grey-Bruce area has been deserted by anglers. You might just as well be out there fishing for passenger pigeons - you just can't find these fish. You spent 20 years and a lot of money to find a fish which could survive the lamprey...but they seem to disappear out of the bottom of the lake."

In an interview, Mr. Gaunt said that the tourist industry has suffered serious harm from poor angling. His sentiments are, he said, supported by other MPPs whose constituencies adjoin the lake. Residents of Lake Huron and Georgian Bay tourist areas watch with cynicism as the Ministry stocks Lake Ontario with desirable lake trout which can't be eaten because the lakes are polluted.

Oil pricing

I am sure many people in our Victoria-Haliburton riding watched with interest the conference on oil pricing. It would appear that Premier Davis failed to persuade the First Ministers' Conference to hold on oil price hikes. Addressing the conference, the Premier stepped up his defence of the Canadian

consumer, and insisted that his position reflected national concerns. "I believe", he said, "that the Canadian people are running out of patience with the line that they have been living wildly beyond their means. Perhaps our governments have, but our families certainly have not."

He indicated that Ontarians are prepared to pay what is necessary to achieve self-sufficiency in oil, but any further increases would have the effect of a massive tax increase.

Liberal Leader Stuart Smith said the Premier's performance at the Conference "was successful neither from the point of view of getting our price argument across nor from the point of view of getting redistribution of the benefits of such increases. "Ontario has not succeeded in persuading a single province to our point of view - not even the poorer consuming provinces."

"We can expect that he'd have trouble convincing the oil-producing provinces. But when he can't even get an ounce of support from the eastern provinces, it's incredible...He had nothing to show the Prime Minister or the other provinces in terms of conservation policies, or an industrial strategy to create new jobs and to keep the economy moving in these very tough times."

It would appear to me that the last word has not yet been spoken in the oil pricing debate, as it would appear as of the time of my writing this report, that Mr. Lougheed and Mr. Clark are still a little distance apart.

Editorial

Get the spade in the ground

This community definitely needs a new library. The only question now is when, if ever, the building will rise from its allotted place on Bobcaygeon Road North.

It has been many years now since the need for a new facility was first recognized, and several, at least, during which an effort has been made to get the project going. During that time there has been a number of changes of direction by those involved with the planning for the building. These changes have resulted in the alienation of some of those who first supported the idea and a drop-off in interest by the rest of the community.

Reeve Sinclair Nesbitt, speaking at the November 14 meeting of the township council, expressed the feeling of a majority of the residents, when he said now was the time to get things going. His comment was motivated by a desire to take advantage of federal government grants in the form of winter works programs, that have been hinted at recently. While this may be a worthwhile motive, we feel his pronouncement is also an indication of the frustration experienced by other members of the community over the lack of concrete results from all this "planning".

We realize that careful, orderly planning is needed before any building of this nature can be constructed. However, there is a limit to how much time the "planning phase" should take.

The feasibility study is in the works. Once it is completed it is time to get the spade in the ground and the building underway.

Service is important

The members of the Minden Scouting contingent have taken upon themselves to ensure November 11 does not pass unnoticed in this municipality. Earlier this month they organized a parade to the war memorial at the civic cemetery, providing an honour guard and colour party for the laying of wreaths and traditional one minute of silence.

It was not an elaborate ceremony. But it is important none-the-less, especially for the values and respect it instills in the members of the younger generation.

In addition to the wreath from the scouts, floral tributes from the province and the municipality of Anson, Hindon and Minden were laid before the marker.

We acknowledge that the ceremonies organized by Branch 129 of the Royal Canadian Legion in Haliburton Village should be a focal point for people from throughout the county. But that does not mean that services, such as the one held here in Minden, should not take place. Indeed, such local efforts should be encouraged so that those residents who might not be able to travel to Haliburton, can pay their respects in a traditional manner.

In this regard we note the absence of any elected member of the Anson, Hindon and Minden Township council at the local service. As representatives of the residents of this municipality, and since the municipality provides a wreath to be placed before the memorial marker, we feel an effort should be made to ensure at least one member of the council attends the local service in the future.

Reflections along the Gull

Council approves impact study

The municipality of Anson, Hindon and Minden moved one step closer to an equalization of assessment this past week.

The township council approved a request for the Ministry of Revenue that an impact study be carried out to determine the problems that

may arise with the change in assessment calculations.

The study is being done under section 86 of the Assessment Act.

The investigation is part of a province-wide program to re-align assessment values with current market prices. Taxes, which are calculated on the value of property, have

for the past nine years, been based on 1971 figures. The province has been attempting to update these factors and has run into opposition from a number of municipalities, including Anson, Hindon and Minden, because the provincial government has not made clear what changes will result to taxes in 1981 and

following years.

The members of the township council and representatives of the Ministry of Revenue met in closed session November 14. It is believed that the discussion centred on the new factors, and how they would affect taxpayers in this municipality.

Device cuts energy consumption

by Hal Burton

Personally, I'm rather surprised at all the fuss that is being made. I mean, I can appreciate that there may be a bit of novelty interest, similar to the time that a retinue of exotic dancers from Lethbridge appeared at a side show during our fall fair, but I simply can't understand all this to-do over King Tut-on-the-common.

It is downright ridiculous the way people are getting carried away over this guy. After all, he's been dead for centuries, a situation which I can say unequivocally, we'll all find ourselves in, bye and bye.

Mind you, not all of us will get to be buried in one of those fancy depositories with jewels and crusty gold, although some of the more senior members of our community, who regularly purchase lottery tickets, have indicated a certain proclivity toward testing the axiom about "not being able to take it with you", if they should win. That, of course, is all conjunction, and I wouldn't repeat it to a soul.

Nope, all this fuss over a long-reposed king of Egypt fails me completely. Mr. Tut's stately bearing is no more ingratiating and mysterious than that on the face of our own Sean O'Reilly. Sean, as

stately as an elm and twice as lively, has been holding court around the pot bellied stove in Ned's corner store, gas bar and turkey hatchery ever since most in these parts can recall. Any while many never have had his grave looted, as what apparently happened to the friends of Tut and others, no one can say the same about his mind.

Sean is our local hero. He is an inventor of untold renown. Probably his least famous and unknown contribution to our society is in the form of one of the greatest energy saving devices not on the market today. I refer, with indifferent reverence, to the black bulb.

Now there are those who scoff at Sean's brilliance, but those who frequent Ned's on a frequent basis, can be frequently overheard to remark on the sheer depth and magnitude of his creation. It is a simple masterpiece from a mind of similar quality. It is unique and singularly universal, while being world-wide without leaving home.

Sean can explain the idea much better of course, using all the proper big nomenclature to impress his coterie of listeners, but here is the basic scientific principal behind Sean's unfamous black bulb, that awaits only the right promoter with a

bankroll that would choke a horse, to get it off the ground and put our little community on the map.

Sean has taken a simple

light bulb, the kind one finds in most sockets or receptacles of your persuasion, and, holding it by the threaded end, dips the glass portion into a can of black paint up to its neck. The process should be completed a number of times until the bulb is evenly and thickly coated with the paint. Hang to dry. Now comes the exciting part.

In an area of your home and/or office where you feel there has been an excessive use of electricity through lighting, simply replace all the regular bulbs with black bulbs. One should notice an immediate drop in the use of the lights in that particular area of the home-office, and in time, the usage should drop back to zero with massive savings accruing on the power bill. (The scientific principle at work here, as explained to a raptured audience at Ned's store, is that the black bulb delivers exactly as much illumination in either mode, on or off...hence there is no need to turn it on to gain the benefit it will provide.) I just knew you'd be amazed when

you heard the details...but there is more.

Not only does the user save on power consumption, but the black bulb, that is waiting to be discovered, need never be replaced if it should burn out, which is highly unlikely considering the limited use in the "on" mode it should receive. This means additional savings for the home owner. On, off or burnt out, the black bulb is guaranteed to deliver maximum candle power. It even works when the power fails.

They say some of the greatest inventions, those that have changed the course of human history like sliced bread and roll-on deodorant, have merely exploited the obvious...their essence is simplicity. Some day, when the black bulb has become a household word like Sani-flush, all those who scoffed at Sean will be sheep-like when the brilliance of his efforts are finally recognized.

Sean O'Reilly, raconteur, hysterical researcher, philosopher, carbonator and inventor...the man whose time has not yet come...the man whose door bell was out of order when opportunity came knocking...Mr. Invention, whose mother is Mrs. Necessity.

Coming up

The following billboard of coming events is provided as a community service by The Times.

Friday, November 23 - Rummage Sale, St. Paul's Parish Hall, 1:30 to 3:30 p.m.

Saturday, November 24 - 1:30 - 4:00 p.m., bazaar and bake sale at Maple Lake United Church.

Saturday, November 24 - Haliburton District Association for the Mentally Retarded annual dinner-dance, Wig-A-Mog Inn.

Thursday, November 29 - Polio and Tetanus Immunization for adults, at Health Unit Office, Haliburton from 3:00 - 7:00 p.m.

All non-profit community groups are invited to use this bulletin board as a reminder to local residents about their activity. Drop a note to The Times, Box 97, Minden or call 286-1288 to have it included.

Players score with ghostly comedy

The first production of the 1979-80 season for the Highlands Little Theatre, Noel Coward's *Blithe Spirit*, proved to be a popular success Friday and Saturday evening. The three act play drew a total audience of close to 350, and on at least one evening extra chairs had to be brought into the Haliburton Highlands High School auditorium to accommodate the unexpectedly large crowd.

The play concerned the problems that arise when the ghost of a first wife (the "blithe spirit") returns to meddle in the affairs of her former husband and his second wife.

Despite problems with the lighting on the first night and some prompting that it was too loud and used too often during the final act, the light comedy came off exceptionally well. The cast and director, Steve Phillips, are to be congratulated for their effort.

The top performance of the evening was turned in by Caryl Douglas, in the part of the medium, Madame Arcati, who was responsible for the conjuring up of the ghost of the departed first wife and

several misguided plans to rid the household of her presence. Caryl has been active in little theatre in her native England and her experience on stage was most obvious. She was completely at ease before the audience, playing her eccentric part to the limit with an interesting and varied bag of affectations that matched the strange Madame Arcati to a Tee.

Making her debut on stage, Heather Scully also proved to be a talented and versatile actress. Her part, as the ghost that returns to haunt and trouble the household, was a difficult one, but she handled it extremely well. Her petulant and needling presentation of the departed wife who returns to find another in her place, was exactly what we might expect from any ghosts in a similar situation.

Other members of the cast included Dale McConnell as Charles Condomine, the unfortunate husband caught between a wife "from the other side" that only he can hear and see, and his present wife, played by Bonnie Fitzgerald. Sandy Willis ably handled the role of the Condomine's maid and, as it

turns out, was the cause of all the ghostly visitations. Beverlea Simmonds and Glen Carter played the parts of friends of the distraught Condomines.

Assistants behind the scenes included: assistant director Sue Balderston; stage manager and props: Nancy Pillsworth; assistant stage manager: Joan Irish; wardrobe and prompter: Lila Mitchell; lighting and sound: Mike Varty; and front of the house: Diane Hagerman.

Special kudos are in order for the designer and perpetrator of the special effects that brings the ghostly comedy to a fitting close.

In general, there were a number of rough spots that need attending to, but most of these will come with the experience and confidence of the players. The group appears to be enthusiastic and is indeed a welcome addition to the scene. We look with anticipation to the next production of the group which has been scheduled for early next year.

(Anyone interested in taking part in the Highlands Little Theatre can contact Bev Simmonds at 286-2831 or Caryl Douglas at 286-2255).

Highland players

Caryl Douglas, in the part of Madame Arcati, exchanges secrets with Charles Condomine, played by Dale McConnell during the Highland Players presentation of Noel Coward's *Blithe Spirit*. The three act play was enthusiastically received by the audience, with Douglas' portrayal of the eccentric medium drawing the warmest response.

Bonnie Fitzgerald, left, and Heather Scully from the cast of the Highland Players *"Blithe Spirit"* production.

Starting next week

His future is in your hands

The moose population in Ontario is on the decline — 35% fewer today than in 1965 — and we're looking for your views.

The moose is a valuable natural resource to the people of Ontario. To many, just being able to see this proud animal in his native habitat is in itself an unparalleled thrill. To others, the thrill is in the hunt.

There are many possible solutions to the problem of our declining moose population. If you wish to hear of them, comment on them or make suggestions of your own, plan to attend one of the Ministry's public discussion meetings.

Huskies split pair

After two straight wins in the young junior hockey season Haliburton Huskies split a home and home series with Bewdley. Last Wednesday the Huskies lost a 6-4 decision to Bewdley.

Paul Clark scored, unassisted, to give Bewdley the lead in the first period. However, the Huskies got goals from Joe Roberts, assisted by Steve Davies and Dave Brown, and an unassisted marker from Mike Rac giving them a 2-1 edge at the end of the first period.

The second period was all Bewdley as they scored three times to open up a 4-2 lead. Howie Crowe and Ernie Duffy both notched unassisted goals while Ernie Duffy scored again with assists going to Langstaff and Brown.

Early in the third period it appeared the Huskies had settled down and were going to come back to defeat their hosts when Dave Brown scored from Steve Davies and Kevin O'Hara assisted by Chris Hodgson and Scott Cook tied the game at 4-4. But

the Bewdley team could not be held to the tie as they got goals from Marty Brown and Milson to win the game 6-4.

Win at home

The two teams met again Saturday night in Haliburton with the Huskies coming up with an 8-5 win.

Haliburton came out flying, and Chris Hodgson tipped in a Mike Rac shot to give the Huskies a 1-0 lead after a minute and 17 seconds of play. Bewdley tied the game at 11:43 on a goal by Ernie Duffy from Brown. Huskies then got goals from Steve Davies and Chris Hodgson to go ahead 3-1. Ken Buckwald

assisted by Paul Clark scored at the 22 second for Bewdley's second goal.

The second period belonged to Haliburton as they got 3 goals from the sticks of Jerry Campbell, Larry Stinson and Joe Roberts to take a 6-2 edge.

In the third period Bewdley got 2 goals from Randy Saunders and a single by Tom Van Burren but could not come back as Dwight Sisson and Jerry Campbell scored for the Huskies giving them the 8-5 victory.

The Haliburton Huskies travel to Bancroft Friday November 23 to play the Jets then host Lakefield Chiefs Saturday November 24 at 8 p.m. in Haliburton.

A service to accommodate every family we are privileged to serve

Funeral Director
GORDON A. MONK

When we shop Canadian, Canada makes it.

When we shop Canadian, it's more than a good idea. It's a great investment in our country's future. Every time Canadians buy their own products, they give Canadians work. Right here in Ontario, manufacturing industries employ about one million people. That's 25% of all the jobs in Ontario.

When we shop Canadian, we strengthen the economy of our province and our country.

By purchasing products that say "Made in Canada", we're developing and maintaining the industrial strengths we need to compete in world-wide markets.

And we're helping ourselves right here at home by strengthening Ontario's resources and assuring our future growth.

So the next time you're buying something, look for the symbol that says "Made in Canada".

Ontario

Larry Grossman,
Minister of
Industry and Tourism

William Davis, Premier

YBC
Saturday, November 17 saw 46 YBC members participating in the annual "I Beat My Coach" tournament at Carnarvon Lanes. 39 of the young bowlers succeeded and

Hewitt, Sawyer net hat trick for Rockcliffe

Monday evening in the second round of games for the men's recreational hockey league, wins were notched by Rockcliffe Hotel and Home Hardware. These teams both stand undefeated this season.

Rockcliffe Hotel defeated Hall Insurance 10 to 4 with credits going to Dean Hewitt and Larry Sawyer with three goals apiece, Wayne Hutchison with a pair and singles to Leigh Bull and Ted Vasey. Scoring for Hall Insurance were: Neil Burk, assisted by Jim Burk; Neil Burk again from Barry Shaw; Steve Harper from Neil Burk. Royce Miller scored the final goal for Hall Insurance, unassisted.

The other contest, saw Hartwick Construction go

will be the recipients of handsome crests in the near future. Each participant paid an entry fee of 25¢ which is used to defray the cost of the crests and the surplus is used to supply a free creasing program for the physically handicapped bowlers in Canada.

Saturday, November 24, the YBC Bantams will join the golden-age bowlers in their annual tourney - each senior citizen bowling with 2 bantams (boy and girl) - this particular tournament is a great favourite with the youngsters and the senior citizens.

Senior league...

(from page 10)

Mrs. Dorothy Brown was the lucky winner of Raggedy Ann and Andy. Mrs. Peggy Barkley, was also the lucky winner of a lovely crocheted shawl made from mohair, which was raffled at the bazaar.

The Auxiliary served tea and an assortment of sandwiches, squares and

cookies. All in all it was a very successful and enjoyable day.

The Alter Society of Minden brought a delicious assortment of sandwiches, and cake for the regular Thursday tea party. These friendly ladies made it a very enjoyable afternoon.

Mrs. Grace Colburne accompanied by Mrs.

Norma Barron led the sing-along in the main lounge in the afternoon. It was nice to welcome Mrs. Barron back after her vacation in California.

We should also note birthdays celebrated earlier this month. Greetings to Ada Alcorn and Gladys Dennis.

TENDER TOWNSHIPS OF ANSON, HINDON & MINDEN

Tile Carpet Linoleum

AROUND THE TOWN

by Jeanne Sears

At the weekly mini card party at St. Paul's Parish Hall last Thursday afternoon winners were for euchre lone hands: Shirley Elcome, Bill Elcome and Mary McKelvey; for cribbage Lilian Davidson and Jeanne Sears.

Weekend guests with Gladys Wruth were Mr. and Mrs. Sherdon Kellett and family of Bridgenorth.

Mrs. Tim Carroll of Nipigon has been visiting her parents Mr. and Mrs. Harry Austen and Matthew.

Mr. and Mrs. Floyd Miller and girls and Mr. and Mrs. Harold Coulter and Mrs. Angus Coulter visited Sunday with the Leslie Coulters at Kirkfield and attended the christening of little Amber Coulter.

Lee Oster of Toronto spent the weekend at his cottage and visiting friends.

Mrs. Charles Zanation of Wyoming has been visiting her mother Mrs. Fred Wright and sister Mrs. Ted Johnston and family.

Sincere sympathy goes to the families and friends of the

late Percival Hornby, Leslie Grist, Aubergne E. Staples, Rosalind Munro and Joy Fry who died since last week.

Carol Emmerson, Beverley and her mother Mrs. Crane spent last week in Toronto.

Carol Toye has been away visiting relatives on her holidays.

Linda and Lyle McKnight

are home again after a grand visit with daughter Luanne McKnight in California.

There was a retirement Party Saturday night at Stanhope Community Centre in honour of Bill Sanders who was on staff of County Roads Department.

Weekend guests with the Earl Birds were Laura Bird of Seneca College Toronto and Mike Bird of Sir Sandford Peterborough.

We hear that the ladies of the U.C.W. had a very successful luncheon - bazaar last Friday; couldn't make it this time, ladies.

The Rummage Sale is at St. Paul's Parish Hall this Friday from 1:30 to 3:30 and bring your own box; also believe the Thrift Shop will be open as well. Saturday night is the Dinner-Dance at Wig-A-Mog for Retarded centre - so plan to take in these events.

We wonder how many students are aware that the Minden Women's Institute

Tweedsmuir History is at Minden Library. In the three volumes is a good deal of information and these may be used at the library, they do not go out on loan. Also, anyone with a family history which they would like to contribute

should drop that in at this branch as someday this may become valuable history.

Has been mild over the weekend after the snow last week; hope you are ready for winter driving. Cheerio until next time.

SENIOR LEAGUE

by Linda English

It's been a very busy week at Hyland Crest, starting on Monday morning with fun and fitness. In the afternoon, some of the ladies went to the craft room to bag candy and price items in preparation for the bazaar.

Tuesday morning, Reverend Denny of the Haliburton Anglican Church gave an inspiring service in the chapel. Agnes Taylor was here to play the organ while we sang a few familiar hymns.

There was a good number of people at the movies later in the afternoon. The first film, Great Moments in Canadian Sports took us back to the fabulous fifties. We watched Marilyn Bell swim forty-two miles across Lake Ontario under the guidance of Gus Ryder. A few of the other great athletes included Jackie Parker, football champion in 1954. Rocket Richard and Gordie Howe are just two of the great Canadian hockey stars.

Faces Ontario gave us a look at our own beautiful province, and the many places to spend a vacation. Ontario has a large number of lakes and waterways, which are particularly inviting in the summer. There are many things to see and do in our cities.

We were taken on a visit to Niagara Falls, one of the wonders of the world. The falls attracts thousands of tourists to Ontario every year.

Both of these movies were very interesting, and everyone enjoyed their afternoon very much.

Wednesday, was a very busy day at Hyland Crest. The Annual Auxiliary Bazaar was held in the auditorium. At 2 p.m. the many guests poured through the doors to buy the

items on display. There was an excellent selection of goods to choose from on the white elephant table, and goodies galore at the bake sale. The craft table was nearly empty at the end of the day.

This was very pleasing to the ladies who have worked so hard on craft days to make these lovely handmade items. (more on page 9)

CORPORATION OF THE TOWNSHIP OF LUTTERWORTH

NOTICE

IN THE MATTER OF THE MUNICIPAL ACT: and IN THE MATTER OF a proposed By-law of the Corporation of the Township of Lutterworth to stop up, close and convey portions of the original allowance for road between Concessions 4 and 5, in Lot 25; and of the 66 foot Marine allowance around the shoreline perimeter of Moore's Lake and East Moore's Lake in said Lot 25, Concessions 4 and 5, in the Township of Lutterworth.

NOTICE IS HEREBY GIVEN, pursuant to Section 443, of the Municipal Act, R.S.O. 1970, as amended, that the Council of the Corporation of the Township of Lutterworth proposes to consider and if deemed advisable to pass at its regular meeting to be held at the Council Chambers on Hwy. No. 35, 3 miles south of Minden, On Thursday, December 20, 1979 at the hour of 7:00 p.m. a by-law to stop up, close and convey the following lands:-

ALL AND SINGULAR that certain parcel of land and premises situate lying and being in the Township of Lutterworth in the Provisional County of Haliburton and being composed of part of the Road Allowance around Moore's Lake, lying west of the road allowance between Lot 24, Concession 5 and Lot 25, Concession 4, which said parcel may be more particularly described as follows:

PREMISING that the bearings used herein are astronomic and are referred to the west limit of Lot 24, Concession 6, as shown on a survey attached to Instrument No. 15359.

PART I

BEGINNING at an iron bar planted in the said Road Allowance around Moore's Lake which is located S 13° 32' minutes 20 seconds E, 6,616.27 feet from the northwest corner of Lot 24, Concession 6:

THENCE S 71° 41' minutes 40 seconds E, 8.34 feet to the point of commencement
THENCE S 23° 30' minutes E, 19.20 feet to a point;
THENCE N 66° 30' minutes E, 7.00 feet to a point;
THENCE S 23° 30' minutes E, 36.50 feet to a point;
THENCE S 66° 30' minutes W, 36.50 feet to a point;
THENCE N 23° 30' minutes W, 31.40 feet to a point;
THENCE S 66° 30' minutes W, 9.00 feet to a point;
THENCE N 23° 30' minutes W, 24.30 feet to a point;
THENCE N 66° 30' minutes E, 38.50 feet more or less to the point of commencement.

PART II

BEGINNING at an iron bar planted in the Road Allowance around Moore's Lake which is located S 13° 32' minutes 20 seconds E, 6,616.27 feet from the northwest corner of Lot 24, Concession 6;

THENCE N 14° 56' minutes 30 seconds W, 14.55 feet to the point of commencement.
THENCE N 25° 10' minutes W, 16.30 feet to a point;
THENCE S 64° 50' minutes W, 22.35 feet to a point;
THENCE S 25° 10' minutes E, 16.30 feet to a point;
THENCE N 64° 50' minutes E, 22.35 feet to the point of commencement.

PART III

BEGINNING at an iron bar planted in the said Road Allowance around Moore's Lake which is located S 14° 21' minutes 00 seconds E, 6,655.77 feet from the northwest corner of Lot 24, Concession 6;

THENCE N 87° 59' minutes E, 23.80 feet to the point of commencement.
THENCE N 71° 30' minutes E, 43.43 feet to a point;
THENCE S 18° 30' minutes E, 28.30 feet to a point;
THENCE S 71° 30' minutes W, 43.43 feet to a point;
THENCE N 18° 30' minutes W, 28.30 feet to the point of commencement.

A copy of the survey for the above-noted parcel of land is attached to the proposed by-law.

AND TAKE FURTHER NOTICE that before passing the said By-law at its meeting to be held at the time and place above-mentioned, the Council of the Corporation of the Township of Lutterworth shall then and there hear in person or by his or her Counsel, Solicitor or Agent, any person who claims that his or her land will be prejudicially affected by the said by-law and who applies to be heard.

DATED at the Township of Lutterworth this 25th day of October, 1979.

Mr. Wayne D. Hughes,
Clerk-Treasurer,
P.O. Box 176,
